

PET ADDENDUM TO DD FORM 1746 HOUSING APPLICATION

We want to make sure you understand the policies regarding pets. Pet ownership for those service members and their families residing in government-owned or PPV family housing provides a real and tangible benefit, and contributes to quality of life for resident families. However, the rise in ownership of large dog breeds with a predisposition towards aggressive or dangerous behavior, coupled with the increased risk of tragic incidents involving these dogs, necessitates a uniform policy to provide for the health, safety and tranquility of all residents of family housing areas.

PROHIBITED DOG BREEDS. Pit bull including American Staffordshire Terrier, Staffordshire Bull Terrier, Rottweiler, canine/wolf hybrid or any canine breed with dominant traits of aggression presenting an unreasonable risk to the health and safety of personnel in family housing areas. Consequently, full or mixed breeds of the mentioned breeds are prohibited. In the absence of formal breed identification a determination of "majority breed" must be made by a military or a civilian veterinarian. INITIALS _____
