It’s Time....Grilling Time!!!

Grilling season is in full effect!!!! Those mouth watering smells and tummy growling treats are all around us. As the grill masters continue to make us thankful for the warm weather, Lincoln Military Housing has a few reminders about grilling outside of your home.

- Stay at least 10 feet from your home or building when the grill is in use. The grill should be placed well away from the home, deck railings and out from under eaves and overhanging branches to prevent damage to the homes exterior.
- Propane and charcoal BBQ grills are only to be used outdoors.
- Let the coals completely cool before disposing of them.
- Keep children and pets at least three feet away from the grill area.
- Keep your grill clean by removing grease or fat buildup from the grates and trays.
- Grease fires cause severe damage. Clean grill surfaces before you start cooking.
- Never leave your grill unattended.
- Keep your face and hair away from the grill when lighting burners.
- If the grill fails to light, keep the lid open for at least five minutes to allow residual gas to disperse before attempting to relight.
- Keep a fire extinguisher nearby in case of fire.
- Turn the valves off when you’re finished cooking.
- Ensure that the grill is completely cooled before moving it or placing it back in storage.
- Don’t forget to add love! It is your greatest seasoning and makes the food taste better!!!
