Reminder about the Base Housing Speed Limit
Please remember the speed limit in all the housing communities is 15 miles per hour; with children understandably getting “cabin fever”, please keep an eye on your odometer!

A Message from the Marine Corps Police Department
Marine Corps Police Department is asking parents and guardians to talk to their children concerning base regulations and good citizenship.

Camp Pendleton regulations stipulate that children under the age of 12 may not be left alone in any house. Children over 12 may be left alone in the house or may care for younger children provided they are able to assume responsibility. This does not relieve parents of basic childcare responsibility. No child under the age of 18 may be left overnight and discretion should be used regarding the level of maturity and trustworthiness.

Regarding curfew, base curfew hours are between 10:00 PM and 6:00 AM, Sunday through Thursday, and 11:00 PM and 6:00 AM, Friday and Saturday. It is a violation for any minor under 18 to be, or remain in, or upon the streets, or other public places in the family housing areas during these hours unless accompanied by a parent, guardian or other person having legal care, or custody of the minor. BO P11101.31B contains a few exceptions to this policy.

Assistance is available from the Marine Corps Police Department at 760-725-9452.
Did You Know?
If you are currently living in Lincoln Military Housing and receive deployment orders, you are not required to vacate your home. Your family may be away from the home for up to 5 months. NOTE: a caregiver must be provided to Lincoln Military Housing to watch over your home during your absence.

Camp Pendleton Religious Services Schedule
Please refer to the Base website for additional chapel services:
http://www.pendleton.marines.mil/StaffAgencies/Chaplains

Due to COVID-19, religious services are now online. Please refer to the above link to review the services available. Questions? Please call 760-725-4700.

Introducing the Lincoln Military Resident App!

Download our free app today!

At Lincoln Military Housing, our mission is to provide military families with exemplary service in a quality home environment. That is why we are excited to announce the launch of the new Lincoln Military Resident App.

The Lincoln Military Resident App makes it easy for your family to manage maintenance of your Lincoln Military Housing home, even when you are on the go. The app makes it easy to request maintenance on your home and track the progress.

Lincoln Military Resident App Features:
(options vary based on each community)

- Fast Submission
  Easily submit maintenance request directly from your mobile device

- Attach Photos
  Allows you to easily attach photos and voice memos to your maintenance request

- Track Requests
  Track the progress of your recent maintenance request or review your request history
MCCS Status for Retail and Services

Energy Saving Tips - Free and Low Cost Recommendations

Buy Energy Efficient Small Appliances
- Always buy ENERGY STAR qualified appliances and equipment - they’re up to 40% more efficient. You can find rebates and incentives in your area using a rebate finder.

Keep Cool with Ceiling Fans
- Keep windows and doors shut and closing shades during the day. Most ceiling fans use less energy than a light bulb.

Be Smart about Lighting
- Turn off unnecessary lighting and use task or desktop lamps with CFLs instead of overhead lights.

Power Down your Computer
- Enable “power management” on all computers and make sure to turn them off at night. A laptop computer uses up to 90% less energy than bigger desktop models.

Wash Clothes in Cold Water
- When possible, wash clothes in cold water. About 90% of the energy used in a clothes washer goes to water heating.

Load up your Dishwasher
- Run your dishwasher and clothes washer only when fully loaded. Fewer loads reduce energy and water use.

Maintain your Clothes Dryer
- Make sure your dryer’s outside vent is clear and clean the lint filter after every load. When shopping for a new dryer look for one with a moisture sensor that automatically shuts off when clothes are dry.
